Hey, DC COPS!

▼

I'd call in sick if I were you.

Don't die for this.

If they were smart they would have left the moment bowser started this nonsense months ago during the drug head's nonsense. Any that are left know full well what they are doing and as such get what they deserve. There will be a few cuckservatives that listen to them, but hopefully enough of us have spines to tell them to fuck off and be ready to back that up.

Ohh, I get it, it's a first amendment activity, not a 2nd amendment one. That must be on another day. Silly me!

I'd love to see them try to disarm millions of armed pedes without it turning out like the Boston Massacre. In that case, it's 1776 all over again!

Ignore this "sign". If you're able to and bored replace it with a wrap of the constitution but otherwise just noise.

▼

Be very ready. See how they manage to enforce the law against an army of a hundred thousand a equipped.

When it comes to the 2nd amendment, shoot anyone who resists.

Edit:

Someone points out this may be in the passage of POTUS. In that case maintain a distance as he has his own fireteam.

24 ▼ Well it's very simple you're out having a stroll in the city minding your own business when a bunch of thugs run up and try to take your arms then you Kyle Rittenhouse them. Or you see that happening to your people. Then you Kyle Rittenhouse them.

It will be difficult for them because if they return fire they will be shooting into a crowd of unarmed civilians.

22 ▼ Most people traveling to DC will be via a motor vehicle.

You drive in and get dropped off via taxi or uber when you see others. Put the rifle in a bag. If you're bringing an AR, disconnect the upper and lower and put them in a suitcase.

If you refuse to do that, then concealed carry and be prepared to defend others who are open carrying. At that time, shit already likely hit the fan. If you're a lamb, you might as well sharpen your teeth just in case.
